Model: Pendpac Alley Gator

Subject: Electrical System Diagram

The attached complete system electrical diagram for the Pendpac Alley Gator is a great tool when servicing the electrical system, or may be used as a reference during discussions with the customer or LabriePlus.

This represents the standard electrical system of the Alley Gator; customer specific or non-standard options may not be identified.

Please contact the LabriePlus Service Department at (800) 231-2771 with any questions or for further information.
