

**To:** All Distributors  
Regional Sales Managers and National Sales Manager

**From:** LabriePlus Service

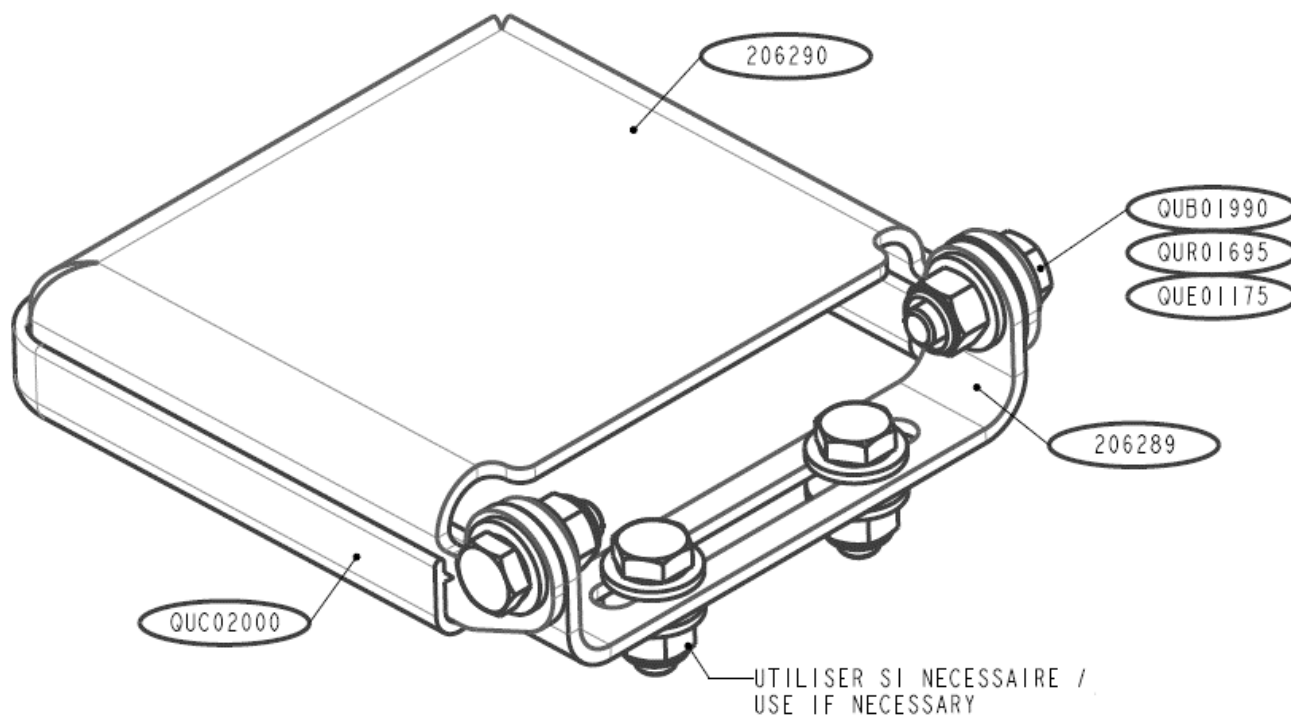

**Model:** All

**Subject:** Labrie IFM display protection

A crucial part of the Labrie diagnostic system is the IFM display. This screen needs to be in an easy to see and accessible location. Therefore, it is sometimes exposed to loose elements in the cab that can move and/or fall causing damages to the display.

Labrie has designed an optional flip cover to help those who may encounter monitor damages.

Kit part# SERV02916 includes the cover and hardware for installation.

Please contact the LabriePlus Service Department at **(800) 231-2771 (US)** or **(877) 452-2743 (CAN)** for questions or further information
